No. C 06-00545 WHA

11 Plaintiff,

12 v.

**ORDER CHANGING SCHEDULE**

13 DEPARTMENT OF HOMELAND  
14 SECURITY, et al.,

15 Defendants.  
16 \_\_\_\_\_/

17 A prior order (Dkt. No. 437) modified the briefing schedule on the parties' discovery  
18 disputes. Based on the Court's preliminary review of the government's *ex parte, in camera*  
19 submissions, that order will be further modified to the extent below.

20 The government has lodged a set of materials with its opposition to plaintiff's motion to  
21 compel that pertain to its assertion of privileges over classified documents. Not all of the  
22 documents and others materials in that submission are themselves classified. The government  
23 shall serve the non-classified portions, including all paragraphs marked with a "U," on plaintiff's  
24 counsel by **MARCH 21 AT NOON**. The government may serve these documents on an attorney's  
25 eyes only basis under the operative protective order and shall file them under seal with the Court.

26 Plaintiff shall respond to the government's arguments regarding the classified documents  
27 in a brief not to exceed 10 pages by **MARCH 28 AT NOON**. The government may then file a final  
28 reply submission on these issues in a brief not to exceed 5 pages by **APRIL 4 AT NOON**.

Any non-classified portions of the parties' submissions shall be filed under seal; classified portions of the government's reply submission may be lodged with the Court for *ex parte*, *in camera* review. The Court appoints Mr. W. Scooter Slade, U.S. Department of Justice, Security and Emergency Planning Staff, Litigation Security Group, as its security officer for the purposes of protecting and safeguarding classified national security information (pursuant to Executive Order 13526) submitted to the Court in this case. All *classified* information lodged by the government shall be done so under seal through the security officer or his designee, and need not be accompanied by a separate motion to seal. The date and time of physical submission to the security officer or his designee shall be considered the date and time of filing. At the time of physical submission to the security officer or his designee, the government shall file in the CM/ECF system a notice of lodging/filing, which will serve to notify the Court. The security officer shall maintain a separate sealed record for those submissions containing classified materials, and retain such record for purposes of later proceedings or appeal. Filing deadlines shall be computed based on the Court's time zone.

Among other issues, the parties' briefs should address: (1) the scope of the government's formal assertion of privileges regarding the classified submissions, including whether the government may affirmatively rely on such materials in addition to shielding them from disclosure; (2) whether letters sent to or from plaintiff herself can properly be withheld as classified and/or privileged documents.

The prior briefing schedule on the *non-classified* documents remains unchanged. The hearing on all issues related to the motion to compel shall be **RESCHEDULED to APRIL 18 AT 8:00 A.M.**

**IT IS SO ORDERED.**

Dated: March 20, 2013.
